NO RIGHT TO BOND

Grand Rapids Cannot Improve
the River.

SO SAYS THE CITY ATTORNEY

The Saloon in the Gunn Block Estab-
lished at Last in Spite of Opposition
—Comptroller's Affairs Unsettled.

The granting of a license to operate a saloon in No. 48 Monroe street, in the rear of the Gunn block, to James Sherlock, will doubtless surprise the large number of petitioners against a saloon at that place, who supposed the matter was settled when the council had twice voted the matter down. The matter came up again last night and slipped through as it had been thoroughly oiled. The city attorney reported that the legislature could not, constitutionally, pass an act allowing the city to bond itself to improve the river outside of the city limits.

Kicked on the Horse Ordinance.
The Security Parcel Delivery company and the Adams Express company protested against the new street ordinance, which governs the hitching of teams on Monroe and Canal streets. Alderman Ball moved to lay them on the table, as he expected to introduce a resolution to amend the ordinance. Residents on Jefferson avenue asked to have the street from Hall street to Fifth avenue paved with macadam. Referred to the committee on streets. Residents on Oakdale avenue asked to have the street graded. Referred to the committee on streets. Residents on Home avenue asked to have the street graded. Referred to the committee on streets.

John Coleman stated that he had been damaged \$250 by a bill in front of his property on Logan street. Referred to the board of public works.
The Duluth chamber of commerce asked the council to favor the calling of a convention in Washington to promote the scheme of connecting the Hudson river with the great lakes, so that ocean vessels may enter the lake ports. Referred to the mayor.
Comptroller's Report.
The comptroller reported bills calling for sums for the various funds as follows:

The mayor called attention to a bill of \$10 for engraving a set of resolutions thanking D. H. Waters for his gift to the city of a strip of land on Ottawa street. He did not think the custom of having resolutions engraved so heavy an expense should continue. The report of the comptroller was adopted and the bills were ordered paid.

Mayor Stuart reported having executed a contract with the city of Fort Wayne to share one-half of the expense of contesting the suits brought against this city and against Fort Wayne for an alleged infringement of a patent trip used in the engine houses.

The city attorney made an extensive report upon the right of the city to bond itself to improve the river. He believed there is no doubt that the city had the right to improve the river within the city limits. He agreed exactly with Moses Taggart that the city has no power to bond the city to improve the balance of the river, and that an act of the legislature giving the city such power would be unconstitutional. He cited several decisions of the supreme court in which the question had been settled. The report was accepted and placed on file.
The board of police and fire commissioners reported the facts in the case of Burroughs, vs. Hurley, Eastman and Johnson. The city is asked to pay for the expense of taking the case to the superior court. Alderman Dregg said the officers acted under the orders of the commissioners, and the city ought to pay the claim or abandon the board of commissioners. Alderman Mills did not think the bill should be paid. It was finally referred to the city attorney.

The committee on claims and accounts reported recommending that the balance of the electric light bill for October be paid. The report was tabled.
The committee on licenses recommended that the license of James Sherlock, for C. W. Johnson, to run a saloon in the rear of No. 48 Monroe street be granted. The chairman of the committee made an explanation of the matter.
Alderman Campbell made a strong fight to have the report killed. Alder-

man Saunders made a speech in favor of the saloon. He said the petition against the saloon was circulated by a prohibition crank and he did not believe it should have much weight.

Alderman Ball said rooms above the saloon had been fitted up for other purposes. Alderman Mills asked what he meant. "I don't think you need any explanation," replied Mr. Ball. "Well—I, I, I guess your character won't bear too much reputation neither," retorted Mr. Mills. The vote on the adoption of the report stood as follows:

Yeas—Aldermen Anderson, Damskey, Dutton, Emmer, Gezon, Hauser, Jacobs, Kinney, Mahoney, Mills, Saunders, Stein, Witzburg.
Nays—Aldermen Ball, Campbell, DeGraaf, Dregg, Frost, Gilden, Teachout.

The special committee appointed to investigate the bills for clerical help in the comptroller's office reported that the comptroller was not authorized to employ extra help and it therefore recommended that the bills be not paid, but that the committee on ways and means investigate the need of extra help in the office and report at the next meeting of the council.

Will Amend the Ordinance.
Alderman Ball offered an amendment to the ordinance regulating the hitching of horses on Canal and Monroe streets. His amendment would leave the amendment so that horses may be hitched on those streets. The amendment was tabled and the superintendent of police was requested to take no action under the resolution until the amendment has been acted upon.

Atta Landauer complained that he had been arrested for peddling baked goods. He said that he had been in the business eighteen years and none of the bakers in the city had ever been required to pay a license. The matter was pretty thoroughly discussed. It was referred to the city attorney with instructions to discontinue the case and the ordinance was referred to the committee on ordinances for amendment.

FIRE IN A DRY KILN.

Destroys Lumber and Does \$2,000 Worth of Damage.

At 11 o'clock yesterday morning fire was discovered in the dry kiln of the McCord & Bradfield furniture factory, which was full of lumber. The alarm was from box 22 and the department responded promptly, but the dry material burned fiercely and about \$2,000 damage was done. No cause for the fire could be given. Secretary Luce would not give an estimate on the loss, but it is estimated at \$2,000 and was fully covered by insurance. The main building was not damaged.

Pastors Prepare a Petition.

About a dozen ministers were present at the Ministers conference, which was held in St. Mark's church yesterday afternoon.

In the absence of the president, Dr. Cobb, Dr. Graham presided. The discussion of the question of closing of the world's fair on Sunday occupied the entire time. It was decided to prepare a petition for the closing of the fair among the congregation of the churches, and the Rev. W. H. Williamson was authorized to draw it up and circulate it. On account of the holiday season an adjournment was taken for two weeks.

Woodworth of Solon, and W. F. O'Leary of the Eighth ward.

His Wagon Was Shattered.

The wagon was ruined and the team ran away, but was not seriously hurt.

Dettenthaler's Christmas. Dettenthaler has a Christmas present for everybody. He has a thousand well fed turkeys, fresh from the rural districts, whose souls have departed. He can supply spring chickens and ducks and every domestic fowl, single, in couples or in large parties. His stock of game is complete. Snipe, quail and partridge, duck, goose and prairie hen hover in his market place in flocks. Rabbits hang by their toes along his window frames, while deer, whose bowels are up in Autum county, lie down by the oyster cans in peace. Lobsters, as beautifully pink as an Italian sunset, sit astride the bass and white fish and keep watch of the rush of customers. The fish and cattle lie down together in the drifts of cracked ice and let the world wag on. In the big deep cans the oysters are holding a swimming tournament, interrupted occasionally by the big tin dipper. The ancient turtle on the wall hangs by a string, while the sword fish keeps steadily upon his course over the heads of the crowding customers. Such are some of the scenes that greet one's eye at Dettenthaler's. If you have not been there you are behind the times.

First Hotel, Chicago, July 15, 1892.

Corrupt men should pay some attention to reducing their weight. When a man is troubled with rheumatism, dyspepsia, kidney trouble or nervousness, the reducing of weight is slower, until the Obesity Pills have cured the disease that caused obesity. The pills soften and beautify the skin of the face.

I am at liberty to cite a case in point. Under my advice Mr. Armour used an Edison Obesity Band and a bottle of Pills and lost 20 pounds in 6 weeks. Other patients have been equally successful.

Dr. Edison's Obesity Pills are the best and simplest remedy for regulating the action of the liver that has been discovered. The pills show their value to sufferers from excessive fat or flesh.
